

"SHOOTING TO IMPROVE CHILDREN'S LIVES"

Please help Ronald McDonald Houses and Donate Your Products Today!

Kids & Clays Foundation, a 501(c)3, will be putting on up to 20 shooting events this year to raise money for Ronald McDonald House Charities across the country. We need your products to enhance our events as we strive to create a positive, enjoyable event for both the shooter and the House. Your donation may be used for live and silent auctions, shooter's prizes, raffles, etc.

The Kids & Clays Foundation benefiting Ronald McDonald House Charities partners with shooting sports enthusiasts to develop programs that generate funds to support the operating needs of the Ronald McDonald Houses, Ronald McDonald House Family Rooms, and Ronald McDonald Mobile Medical Units.

Our program introduces shooting sports to hundreds of new shooters each and every year because supporters of Ronald McDonald House come and support our events and this introduces them to the shooting sports. Your products will be exposed and promoted to these crowds, while at the same time raising money for Ronald McDonald House Charities.

Together we are "Shooting to Improve Children's Lives". Through your support, Ronald McDonald Houses will continue to be there for families with open arms and caring hearts...today and tomorrow.

Please make a donation, it benefits all of us.
